

## Laser Tape 5 m and Laser Distance Meter 60m

### Features:

- Laser Rangefinder + 5m Tape + Real-time Measurement Data on the LCD Display.
- Multiple measurement mode: measuring distance / measuring area / measuring volume / Pythagorean
- Life lasts about 168 hours, and the standby time is about 1080 hours. Fast charge for half an hour; seven days of battery life; 45 days standby.
- It's easy for worker to carry.

### Specifications:

- Range: 5m Tape / 60m Laser
- Measurement Accuracy: 2mm
- Measure Unit: m / in / ft / ' / "
- Laser: 620-690NM/ Class 2
- Data Storage: 10 groups/ 50 group
- Power Type: Rechargeable
- Function: Distance/Continuous measure/ Area/Volume/Pythagorean Theorem Measure /Add & Subtract
- Size: 74 X 84.7 X 42.3MM
- Battery Capacity: Built-in Li-ion 3.7v=200 mAh

### Accessories:

- 1 X Rangefinder
- 1 X User Manual
- 1 X USB Cable
