

SINGLE IBC SPILL PALLET

138 X 138 X 90 CM

Engineered for safe storage and spill containment of IBC tanks.
Durable, chemical resistant and built for industrial environments.

SPILL CONTAINMENT

1300 L sump capacity helps prevent contamination.

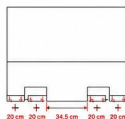

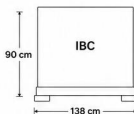

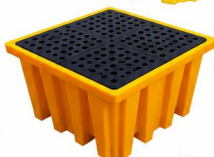

CHEMICAL RESISTANT

Made from high-quality HDPE for excellent chemical resistance.

STRONG & DURABLE

Robust construction with high load capacity.

SPECIFICATIONS

PRODUCT CODE	ECO-IBC-01
DIMENSIONS (L x W x H)	138 x 138 x 90 cm
STATIC LOAD CAPACITY	4 Ton
DYNAMIC LOAD CAPACITY	1.8 Ton
RACKING LOAD CAPACITY	N/A
PRODUCT WEIGHT	71 kg
SUMP CAPACITY	1300 Ltr
MATERIAL	HDPE
OPERATING TEMPERATURE	-40°C to 70°C
SIZE TOLERANCE	± 3%
COLOUR	Yellow (Base), Black (Grating)
PRODUCTION PROCESS	Rotomolding
RUNNERS	0 Longitudinal, 0 Transverse

FEATURES

- ✓ High sump capacity for maximum spill containment
- ✓ Compatible with standard IBC (1000 L) tanks
- ✓ UV stabilized and corrosion resistant
- ✓ Removable grating for easy cleaning and maintenance
- ✓ Forklift and hand pallet jack compatible

APPLICATIONS

WAREHOUSE & STORAGE

CHEMICAL & PROCESS PLANTS

WASTE MANAGEMENT

HAZARDOUS MATERIAL STORAGE

ENTRY & HANDLING

ENTRY - 4 WAYS

4

4

VOLUME - 1300 LITERS

FORKLIFT USE

HAND LIFTER

SPILL CONTROL

Keeps your workplace and environment safe

CHEMICAL RESISTANCE

Suitable for acids, alkalis, oils and solvents

DURABLE & RELIABLE

Long service life with low maintenance

COMPLIANT & SAFE

Meets industry standards for spill containment
